All unsigned licenses will be refused upon registration and licenses without a picture must be accompanied of an ID with a photo.

The commissaires will hold the licenses for the duration of the event.

The **plate** will have to be fixed on the bicycle.

### Article 5      **HELMETS AND JERSEYS**

International rules allow advertising on sporting clothes such as jerseys, helmets, and shorts, but they must be in accordance with international rules.

## Article 7      **PLACINGS**

Each registration sub-category will be given a specific placing based on the General Individual Placing by Time.

### Article 7.1      **GENERAL INDIVIDUAL PLACING BY TIME**

This is determined by adding the times registered at each stage taking into account bonuses and penalties.

If two riders have equal time after the final compilation of all results, fractions of seconds of the individual time trials will be taken into account to determine which rider will finish first. If there is still equality, a tally will be made using the placing at each stage; lastly, if still equal, the placing during the last stage will be used as a tiebreaker to determine the winner of the overall classifications.

## Article 8      **COMPLAINTS**

A complaint concerning ranking must be filed no later than 1 hour before the start of the next stage. For the final classification, no later than 30 minutes after the posting of the final results. No rewards will be given before the time allowed for complaints has expired. The prize presentation will be delayed until the complaint has been resolved.

## Article 9      **FINES**

Fines imposed to the riders must be paid to the President of the Jury at least one hour before the start of the next stage and/or before purses are given.

Time checkpoints are the following:

For the time trial, riders shall present themselves at the checkpoint at least ten (10) minutes before their start time.

#### Article 11     **ITINERARY**

Riders must know the itinerary of the race and always follow the official route. A rider is solely responsible for his routing errors; unless ordered so by a representative of the public authorities, a rider may not deviate from the prescribed route; no complaints on this matter will be considered regardless of the reasons given.

Taking any shortcut and any attempt to be classified without having done the whole race on bike shall be severely penalized. (Disqualification and \$100 fine).

Should an incident or accident occur which might interfere with the proper running of the race, the jury of commissaires, with the agreement of the organization, can consider a stage as "not run" and cancel its results.

#### Article 12     **ROAD RESTRICTION**

For each category, at least two neutral service vehicles will be available for the road race. Riders shall be responsible for supplying the necessary mechanics and wheels for neutral service; wheels shall be recovered immediately after the race.

#### Article 15     **DROP-OUTS**

A rider unable to complete a stage or finishing after the deadline will be eliminated from La Coupe des Amériques. Unless seriously injured or gravely sick, no rider can board another vehicle than the sag wagon. Dropouts must not pass the finish line, riders who have dropped out must remove their numbers and hand them over to a commissaire as soon as possible.

## Article 16     **TIME LIMIT**

A time limit will be calculated on the winner's time plus 20%. This percentage could exceptionally be increased if this limit would eliminate more than 10% of the riders. There is no time limit in the time trial.

The commissaire may also give an extra chance to one or more riders eliminated by unusual circumstances or obvious bad luck. This regulation can be modified at the discretion of the jury of commissaire's.

## Article 17     **FINISHES**

A rider may cross the finish line on foot provided that he carries or pushes his bicycle.

In the event of a fall or accident (including punctures) within the last three kilometer of a stage, the riders involved will be given the time of the last rider in which company they were at the moment of the incident, provided that the incident is duly noted by a commissaire. The crossing of the finish line is still necessary. His placing will be that of the crossing of the line. **This does not apply for the time trial and any hill climb finishes.** All riders crossing the finish line a second time in the direction of the race will be accounted for the second passage at the general classification.

## Article 18     **BICYCLES**

For the time trial, the awards will be presented on Saturday morning before the short road race.

For the short road race, the awards will be presented on Sunday morning before the road race near the start line.

For the road race and the Championship, the awards will be presented during the banquet at Mont Sutton.

In order to respect the cyclists and the members of the organization, the winners should present themselves at the podium for the awards ceremony. In the case of an absence not authorized by the head commissaire the racer will forfeit his purse for that stage.
